Product Description

Product Description:

Our Product Introduction

With its superior adhesion capabilities, this UV Ink for EPSON is the ideal choice for printing on a wide range of surfaces, including vinyl, PVC, and other materials. The ink bonds strongly to the substrate, ensuring that your stickers remain firmly in place, even in challenging conditions.

One of the key features of this UV Ink for EPSON is its suitability for a range of printheads, including I3200, I1600, TX800, and XP600. This means that you can use it with a variety of printers, without having to worry about compatibility issues.

Each bottle of UV Ink for EPSON contains 1 quantity of high-quality ink, providing you with ample ink to complete all your printing projects. The ink is easy to use and can be loaded onto your printer without any hassle.

This UV Ink for EPSON is also highly scratch-resistant, ensuring that your stickers maintain their vibrant colors and sharp images, even after prolonged use. The ink is designed to withstand wear and tear, making it perfect for printing stickers that are meant to be used in rough conditions.

If you're looking for a high-quality, reliable ink solution for your sticker printing needs, look no further than this UV Ink for EPSON. With its excellent adhesion, compatibility with a range of printheads, and scratch-resistant properties, it's the perfect choice for all your printing requirements.

Suitable Printhead	I3200 I1600 TX800 XP600
Usage	Sticker
Quantity	1 Bottle

Volume	1000 MI
Chemical Resistance	Excellent
Scratch Resistance	High
Adhesion	Excellent

Applications:

EPSON UV Printing Ink is the perfect choice for those looking for a reliable and efficient ink for their digital printing needs. Its excellent adhesion ensures that the ink adheres to the surface without flaking or peeling off, making it ideal for printing on materials such as vinyl, plastic, and paper. Additionally, its chemical resistance ensures that the ink does not fade or become damaged when exposed to harsh chemicals, making it ideal for use in outdoor environments.

EPSON UV Printing Ink is also suitable for use with a range of printheads, including the I3200, I1600, TX800, and XP600, making it a versatile choice for those looking to print high-quality stickers. With a delivery time of 7 days, you can be sure that your order will arrive quickly and efficiently, allowing you to get started on your printing projects right away.

EPSON UV Printing Ink is ideal for a range of application occasions and scenarios, including printing stickers for vehicles, outdoor signage, and promotional materials. Its excellent adhesion and chemical resistance make it ideal for use in harsh outdoor environments, ensuring that your printed materials remain vibrant and intact for longer. Whether you are printing for personal or business use, EPSON UV Printing Ink is the perfect choice for all your digital printing needs.

Customization:

Customize your EPSON Ultraviolet Ink with our product customization services! Our Tucai UV Printing Ink Solution is made in China and priced at \$14.8 per bottle. With a fast delivery time of just 7 days, you can get started on your digital printing projects in no time.
